Chapman & Myers
COLLECTION

In 1996 E.F. Chapman partnered with Visual Comfort & Co. as Chief Designer of Chart House, our first designer product line. Over the last decade, Kyle Myers has been responsible for the creative direction of the Ralph Lauren Home lighting collection. Together, they have founded Chapman & Myers. Chapman designs within a classical idiom of fundamental principles, while Myers brings a more modern orientation and sensibility. This balance to their creative process provides a breadth of expression encompassing traditional, modern, and transitional aesthetics.
