

Sandcastle

Coastal casual meets cottage charm in Sandcastle, a collection at home with its feet in the sand on a Florida shore or in the guest room, youth bedroom or living space of a forever home anywhere in the country.

Elements

Coastal casual meets cottage charm in Sandcastle. Classic traditional forms and 19th Century American design elements such as spindle legs, X-stretchers and floral-motif hardware add a soft vintage romance to the collection.

The soft, creamy Couture White finish on Sandcastle features intricate hand-work that creates a subtle brushstroke texture, creating a timeworn, repurposed appearance. Custom-designed hardware is punctuated with a pretty floral motif, including a flower-petal back plate and stylized ring pull.

Bring the freshness of the ocean breeze or tranquil lake shore sunshine into your home with Sandcastle.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

A convenient cord clip avoids one of life's little headaches by holding phone charging cords securely in place so they don't fall behind the nightstand.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

DINING

Serve up a relaxed atmosphere to family and friends with Sandcastle dining selections. Choose from the rectangle dining table with spindle legs and X-motif stretchers or the round table that can be adjusted to dining or counter height. The dining host chair and bar and counter stools feature woven seagrass accents. Display pieces include a cabinet with glass doors and a buffet with six drawers, two doors and a silverware drawer inside.
