UPHOLSTERY

B E R N H A R D T

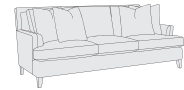

Bernhardt Furniture has always strived to maintain a perfect blend between style and handcrafted techniques in its furniture. Whether you want to create a traditional look or take a more modern approach, Bernhardt has items that fit any personal style and that work together seamlessly in a variety of rooms. Upholstery plays a key role in this mix, and it's another example of how Bernhardt is committed to offering endless options to its customers. Fabrics and leathers alone let you make a special statement, but unique trims, wood finishes and nailheads also allow you to demonstrate a signature look. In the end, what matters most is that you find the piece that will create the living space of which you've been dreaming. To help you in these endeavors, you'll find an array of seating options in this catalog from which to choose. But after that, the upholstery decision - and the level of customization - is all up to you.

POWER MOTION ACCESSORIES

Battery Pack

For power motion reclining frames that are not easy to connect directly to a power outlet, we offer for purchase a rechargeable battery pack. Average charge lasts approximately 200 cycles (recline/return) and recharges in 8 hours.

- BPPM010 Battery Pack for use with items having lower motion only (one motor).
- BPPM020 Battery Pack for use with items having both lower & upper motion (two motors, leg & lumbar).

Bluetooth Compatible App

An optional Bluetooth Compatible App is available for use on any iOS or Android device to operate the footrest/reclining motion and the headrest on applicable frames. The App, called OKIN-Seating, can be downloaded for free from the iOS App Store or Google Play. A Bluetooth Adapter must be purchased from Bernhardt Furniture in order to use the App.

- BT1010 Bluetooth Adapter available to use with applicable power motion pieces
