Elements

A design archive that captures epic European and American style elements, Archivist is inspired by authentic antiques and exudes enduring elegance in both grand and casual forms.

A soft casual finish over Pecky Pecan and Rotary Birch gives a rustic, character-filled and authentic look. The main finish is Pecan and the lighter accent finish is Toffee. The finish is complemented by antique-inspired hardware including kick plates, tear-drop-shaped pendants and ring pulls with back-plates in a time-worn bronze finish.

With a world-traveled pedigree, Archivist embraces both grand opulence and beloved, comfortable and simple forms.

Combining classic design and updated touches, Archivist is inspired by authentic European and American antiques of casual elegance. Beloved, pure and comfortable styles are made inviting with a rustic Pecan finish and a warm Toffee accent finish.

From its sweeping, dramatic shapes to antique-inspired hardware in a time-worn bronze finish, Archivist aspires to create the backdrop of an exceptional life.

Live your epic with Archivist.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

DINING

Gracious living is made possible with the Archivist dining ensemble. Dining pieces feature an 86-inch trestle table that extends to seat 10-12 comfortably in classic ladder-back chairs. Other chair options include an upholstered French curved-back chair. The round dining table has a French Provencal-inspired base in the Pecan finish, with the top available in either Pecan or Toffee.
