# UPHOLSTERY

B E R N H A R D T

Bernhardt Furniture has always strived to maintain a perfect blend between style and handcrafted techniques in its furniture. Whether you want to create a traditional look or take a more modern approach, Bernhardt has items that fit any personal style and that work together seamlessly in a variety of rooms. Upholstery plays a key role in this mix, and it's another example of how Bernhardt is committed to offering endless options to its customers. Fabrics and leathers alone let you make a special statement, but unique trims, wood finishes and nailheads also allow you to demonstrate a signature look. In the end, what matters most is that you find the piece that will create the living space of which you've been dreaming. To help you in these endeavors, you'll find an array of seating options in this catalog from which to choose. But after that, the upholstery decision - and the level of customization - is all up to you.
