

VINTAGE SALVAGE

Vintage Salvage is a collection containing designs for the Bedroom, Dining, and Living categories. Each item is thoughtfully crafted after months spent meticulously researching architectural details from old European structures. The concept was born to address the trend of old elements being repurposed by artisan craftsman into new buildings and furniture.

ARTISTIC,
REFLECTIVE,
TIMELESS

2812 | UMBER

The rich undertones of this umber finish accentuate the textures of the handsome cathedral elm surfaces in this collection.

The assortment exudes authenticity. Moldings and posts were derived by doorframes and mantles. Cornice and capital motifs take inspiration directly from decades old structures. Even the hardware is a nod to vintage touch-points. The excitement of Vintage Salvage lies not only in its broad range of details, but also in its unique blend of highly functional statement pieces. We feel that it's the perfect way to address what's become a major trend in today's decorating landscape.
