BEAUTY IN FORM & FUNCTION

IMPECCABLE CRAFT
is matched with the finest
MATERIALS

QUALITY, FINE CRAFTSMANSHIP AND DESIGN

have been the honored legacy
and heritage of Baker since it was
founded in 1890 in Michigan,
as a fine casegoods maker.

HUBERT DE GIVENCHY

EXQUISITE MATERIALS

Starting with flawless raw materials is the most essential way to bring beauty and durability to fine furniture. Our approach honors creative designs, superb materials, and a preference for hand-applied details.

EVERY PIECE IS MADE

with the timeless elements of our craft.

Baker continues to set the standard for
using the best methods for each piece.

Quality at the core assures a form
and feel that can only result from the
highest standard of craftsmanship.

CRAFTSMANSHIP

Carving

Once considered a form of sculpture, hand carving has long been coveted for its sensuous, tactile qualities. Among purists, the best carving is also valued for its ability to cast shadows that move with the light of day or the flicker of a fire.

Veneering

Dating back to the Egyptians and largely perfected in the 17th century, veneering remains central to the manufacture of fine furniture. It allows the maker to use the most highly figured, expensive, and volatile woods in a durable application, and it does so in a highly decorative way that's limited only by the imagination of the designer.

Inlay & Marquetry

Inlay creates a striking accent that draws our attention and allows us to better appreciate the surrounding wood. With extraordinary skill in this arena, Baker's artisans rank as modern masters, with a range and practice that goes beyond even the skill of the 18th century's storied specialists.

Gilding

Whether traditional or contemporary, the luxurious furniture styles of every era have used gilding as a way to focus attention or provide an accent color. Combine the cost of gold leaf with the extraordinary skill required to apply and properly burnish it, and you can see why this remains highly specialized work that is today practiced by only a few artisans.

BAKER ORIGINALS

The oldest and most prestigious American-made luxury furniture company, Baker continues to honor the art and craft of fine furniture making. Baker's clients have long admired and appreciated the rich history and authority of traditional designs that are part of the company's vocabulary. And Baker has always been tuned into the zeitgeist, moving forward, always in a quest for the best for our clients. As design evolves and changes, Baker constantly moves forward. Our celebrated designers are working on new collections that acknowledge the decorative past and explore a richly textured future for design.

BAKER LUXE

The Baker Luxe Collection is an authentic, fashion-forward assortment imbued with an eclectic mix of 1970's modern. Infused with unique jewelry-like silhouettes and informed by an era of icons such as Yves Saint Laurent, Halston and Warhol, the collection represents a ready-to-wear approach to attainable luxury. In this collection, bold sculptural profiles pair effortlessly with modern forms, incorporating semi-precious materials that showcase Baker's attention to detail. Clean, casual and comfortable, the Luxe Collection captures the essence of today's trend-savvy lifestyles.

MILLING ROAD

The Milling Road collection offers dynamic new ways to appreciate and enjoy classic, versatile design. Timeless designs are animated with new silhouettes and updated materials. Milling Road pairs quality with invention to reinterpret design traditions for the way we live today.

THOMAS PHEASANT

Thomas Pheasant focuses on bringing a contemporary dimension to classic design principles, bridging past and present with beautiful silhouettes and distinctive fabrics. He is known as the master of the neutral palette. Based in Washington, D.C., Pheasant has spent time with artisans the world over, learning and selecting time-tested techniques that add richness and quality to his work. In 2005, Architectural Digest honored him with the title “Dean of Design.”

BARBARA BARRY

Barbara Barry is inspired by the natural world and her many years of living and working in southern California. She believes that home furnishings should evoke peace and serenity as an antidote to the chaos of our modern lives. The ideas of simplicity, comfort, and timelessness define her design ethos. Her collection captures the casual and natural elegance of California living.

JEAN-LOUIS DENIOT

Inspired by 20th century furnishings, and with a nod to the grand presence of aristocratic décor, Jean-Louis Deniot curates with sublime balance and flirtatious wit. The lauded French designer's aesthetic is pitched towards an approachable elegance that subtly melds his favorite eras and sublime contrasts: Neoclassical underpinnings set mid-century silhouettes, Art Deco gildings gleam beside nods to primitivism, and geometric shapes come alive with organic materials in Deniot's unique vision.

LAURA KIRAR

Laura Kirar's mission is to foster artistic exploration in all of her endeavors and to inspire others with art, craft and design from her travels around the globe. Unbounded by aesthetic movements or locales, Kirar blends divergent influences to create relaxed and elegant designs that resonate with an exotic beauty. A designer with training as an artist, she continues to infuse her work with originality and thoughtful attention to detail, including Art Deco, Moorish and European motifs.

STATELY HOMES

An English baronet, Sir Humphry Wakefield is an authority on antiques and architecture. As a consultant to Baker's Stately Homes program since he founded it in 1980, Wakefield selects extraordinary designs from the palaces and castles of England, Ireland, Scotland and Russia for the craftsmen at Baker to recreate. The results become part of our Stately Homes collection, and prove that true elegance and luxury are timeless.

DARRYL CARTER

Darryl Carter's whole home design portfolio reflects his keen sense of style and understanding of composition, proportion and scale. There is a complexity to the forms that demonstrate Baker's abilities in the art of fine furniture-making and Carter's appreciation of design in its purest sense. The collection resonates with the familiarity of traditional form, nods to the utilitarian discipline of mid-20th century design, and captures the spirited chic of fashionable understatement.

KARA MANN

With its earthy, grounded attitude and relaxed glamour, Kara Mann's signature design style strikes a balance of edgy and attainable.

Unexpected details and meticulously chosen materials, fabrics and finishes make her collection for Milling Road distinctive, unique and timeless. Purposeful and refined, the pieces complement and elevate both traditional and modern styles, resulting in rooms that are both of-the-moment and enduring.
