

KINGSPORT

A modern take on traditional 18th century Italian architecture and furniture design, Kingsport derives aspects of Italian antiques, blending them into a refined traditional style that's not overly formal, but livable for everyday use. Soft serpentine fronts, fluted face-frames, and cord-like molding overlays on drawer fronts characterize the collection. American walnut veneers accented with fancy-face quartered oak and walnut burl veneer patterns enhance a multi-step wood finish process defined by subtle handwork and skiving, smooth-to-the-touch and polished to a soft lustre. Custom hardware features a classic carved acanthus motif, in a muted, oil-rubbed bronze finish. Kingsport suggests the look of a much-loved antique, used but gently cared for through generations.
