NOVELLA

hookerfurniture.com

Elements

Inspired by the luxury resorts perched high upon the rugged seaside bluffs of the Northern California coastline, the **NOVELLA** collection includes bedroom, dining room, occasional and home office pieces.

Crafted of highly figured black walnut, the group's distinctive bleached finish offers an organic sensibility that tastefully juxtaposes with its polished stainless steel accents and hardware that deliver a touch of glam. The combination of modern styling with natural elements embody an authentic California aesthetic.

Characterized by an unexpected mix of organic and opulent materials, the group features stone, bamboo, raffia, polished stainless steel accents and a variety of statement-making hardware including ring pulls, pendant pulls and over scaled open circular pulls.

The materials are cast upon bleached, highly figured black walnut in two finishes: Sunsplash, which offers a striking contrast to the glam elements found on several pieces and French Vanilla, used in tandem with Sunsplash and applied to elements such as raffia and bamboo on several bedroom and dining room pieces to create an eclectic range of looks.

Quality

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

Fabric

Upholstered items in Novella feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability and can be easily cleaned.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Hooker Furniture strives to make the world a better place to live through leadership in all of our business practices. To learn more about our commitment to environmental stewardship, visit: www.hookerfurniture.com/environmentalstewardship.inc

7/2019

Headquartered in Martinsville, Va., Hooker Furniture employs approximately 600 people at our Virginia and North Carolina locations. Our high-fashion custom upholstery by Sam Moore Furniture is manufactured in Bedford, Va., and our upscale leather upholstery line is manufactured in Hickory, N.C. by Bradington-Young. Our designers travel the world to find artisans and craftsmen who uniquely possess the necessary skills to meet our high quality standards.

We strive to provide an accurate representation of our finishes but due to changes in lighting and printing limitations, some color variation is possible. To determine the exact color of a finish, we suggest you visit a Hooker Furniture Retailer to see the actual product.
